Motivated Money - NEW UPDATED EDITION NOW AVAILABLE!

By Peter Thornhill - *Invested well? Compared to what?*

"Motivated Money by....Peter Thornhill. He wrote the book to satisfy a growing demand for investment knowledge, but also to change people's perceptions about wealth creation. Thornhill, like the other authors, warns readers this isn't about how to make money and get rich quick; there are hundreds of books offering that. Rather, he says, his book is for those people who have a clear vision or dream they want to achieve. Those buying shares just for the capital gain, he says, may be missing out on more than half the value which shares offer."

Barry Dunstan – The Financial Review, December 2002.

"The best book about investing that I have read in over 40 years in the Industry!"

Bernard Moses B.Bus, ANZIF, AFA, AFPA (Financial Adviser)

SOME READER RESPONSES:

"feel a little bit silly, because I have never written to the author of a book before. But then again, it is rare that I have ever read a book that has such an impact on me as yours. It is no exaggeration to say that your book has changed the way I look at money, and really, the way I look at life."

"my wife and I read it over the Christmas holidays. And it was a great read! A word of common sense in a sea of confusion. You have helped me design a long term investment plan".

"Finished your book in two nights. Great stuff and a great resource to help keep one focused and on track".
